

Carlota Jo — Private Advisory

Strategic advisory with client portal and AI-augmented sessions.

Manifest snapshot · 2026-04-19

POSITIONING

Carlota Jo packages senior advisory engagements with a working client portal, engagement workspace, and AI-augmented session intelligence. Built for partners who run a real practice, not a pitch deck.

STATUS MIX

TOP PROOF POINTS

CAP-053 · Public site — services, approach, who-we-serve, booking inquiry

All public pages render; inquiry form creates DB record and triggers email (when RESEND_API_KEY set)

status: Live · module: artifacts/carlota-jo/src/pages/

CAP-054 · Live integrations — World Bank, BLS, HBR RSS, Microsoft Outlook Calendar/Contacts

Booking/inquiry endpoints confirmed live; calendar integration requires Microsoft Graph credentials

status: Live · module: artifacts/carlota-jo/src/hooks/useCarlotaApiData.ts

CAP-055 · Consulting OS — 16 internal modules (AI Proposal Engine, Knowledge Graph, Revenue Intelligence, etc.)

All 16 modules render; metrics sourced from local operationalData.ts and static constants (RECENT_ACTIVITY, RECENT_INSIGHTS); not backed by live persistent data

status: Working Demo · module: artifacts/carlota-jo/src/pages/consulting-os.tsx, src/data/operationalData.ts
